## ALASKA-YUKON

(Special Correspondence.)

Seattle, Aug. 15.—Now that the United States Government has made a \$600,000 appropriation for participation in the Alaska-Yukon-Pacific Exposition the work creating the 1909 fair has been given an impetus. While there has never been any doubt in the minds of the management as to the success of the exposition, and as to its being ready on time, the government's action has stimulated more interest in the fair throughout the country.

During the past week applications for concessions and exhibit space have been pouring into the offices in the Administration building. The construction work has gone ahead without any cessation, and there are finished or under construction nine buildings.

The government architects are working on the plans for the Uncle Sam's buildings and just as soon as the designs are finished construction will be started. Of the total appropriation of \$250,000 will be spent in the buildings. Besides the main government building, there will be structures for Hawaii, Alaska, the Philippines and the Fisheries industry. The remaining \$250,000 will be expended for exhibits as follows: Government, \$200,000; Alaska, \$100,000; Hawaii, \$50,000.

Visitors tell Taft he is sure of success in Illinois and other States in the West.
